## UPCOMING SHOW DATES

### REMEMBER:

June 28 – Directors in charge – Lori/Vicki Judges – Alice Draper/Laura Cross

**This is a Double Judged, Double Points, Double Fee Show. However this only counts as ONE of the three shows you must participate in to qualify for yearend awards.**

May 31 – First Show of 2015 – CANCELLED – unfortunately due to conflicting events at the same fair grounds causing safety concerns we elected to cancel our show and use our rain date of Aug 30<sup>th</sup>. Hopefully the “Weather Gods” will bless us with good weather for all our upcoming dates! Although disappointing this does allow us to all have another month of working time with our equine friends.

**FYI – Summer Sizzler this weekend June 6-7 at the Agriplex Western Fair, London ON**

## VACCINES (new vaccine information each month)

### Rabies

Rabies is a fatal zoonotic disease with a wide range of hosts and is a global issue. It is a disease of great significance since the incubation period can vary from several days to many years. It is a disease that should not be overlooked in imported animals, particularly in those showing neurological signs. Rabies virus is most commonly transmitted in saliva via bites or scratches, but these events are often not witnessed in horses, and the wounds heal by the time clinical

signs develop. The virus makes its way to the central nervous system (CNS), and is then distributed to multiple organs. The incubation period is commonly one to two months but can vary from one week to several years. Clinical signs in horses vary from the look of ‘furious’ or ‘dumb’ or even have similar signs of choke. (AAEP guidelines suggest annual vaccination)

## Vaccinations/Dental checks:

Have you spoken with your Veterinarian to ensure your horse is healthy and protected for the 2015 year?
